

2/17, 2/18, and 2/19/2022

Team Reps,

As of yesterday afternoon, our entire rooming block has been booked or reserved in room blocks.

If you have finished your booking today – Your status will be updated ASAP. Please release any remaining rooms through your account or email Brooks Mattingly (cc'ed here) and ask him to release those rooms.

If you completed a room block recently – Please finalize your booking (your housing status will not be considered complete until you have booked your rooms). Once those rooms have been booked, please release any extra rooms or email Brooks (cc'ed here) and ask him to release those additional rooms.

If you have not yet booked or blocked rooms – **Housing through TTS is still REQUIRED.** TTS is currently contracting an additional hotel and additional rooms will become available as other teams release their blocks. I have sent all of your emails to TTS so that they can contact you when any additional rooms open. Please complete all other registration steps and your acceptance will be confirmed as housing is confirmed over the next few days.

Thank you,
