

Good Evening Team Reps:

Team check in will take place from 4:00-8:00pm (CDT) on Wednesday, April 17th in the 2300 lobby of the Kansas City Convention Center. Important information:

- Only one team rep is required to be at check in.
 - You may have someone from another team from your school/club check in for you, just make sure they bring the jersey samples explained below.
- Bring one sample of every jersey your team plans to wear during the tournament to have them approved (if you were granted a variance during the season for any reason, bring that as well).
- If you will not be able to check in by 8:00pm, please let me know ASAP. Late fees may be applied to teams that do not let us know about late check in ahead of time.
- If you encounter issues while traveling, we have an emergency line available at (513)341-6355. This line will not be available until Wednesday and teams calling this line without a travel issue or emergency may be subject to repercussions (please save this line for the people who really need it!).
- You should have already received a message this weekend to review and confirm your rosters. Once confirmed, rosters will be ready for pickup when you check in (no more waiting in line to print rosters unless you need a change!!).

Player ID Checks will take place before every match. Important information:

- **Every player must have a Student ID.**
- If a player does not have a student ID or if a student/school only have electronic students IDs, please come to the Problem Children desk at check in and request a variance for the player or team (this will be good for the entire tournament as long as you take care of it at check in). You will need to bring a government ID or your electronic ID to have a variance granted.
- No player will be allowed to play without a student ID or a variance and approved ID.

Safe travels, we'll see everyone in KC!!
