

Team Reps:

As a reminder, the deadline for all roster adjustments and eligibility exceptions and appeals is tomorrow (Friday, February 25th). **PLAYERS CANNOT BE ADDED TO YOUR ROSTER AFTER TOMORROW.**

Individual Eligibility Requirements:

- All players must attend the school for which they hope to compete
- Undergraduates must be enrolled at least $\frac{3}{4}$ full time (usually 9 credits) for winter/spring semester or BOTH winter and spring quarters at the school for which they will be competing
- Graduate students must be enrolled in at least 6 credits for winter/spring semester or BOTH winter and spring quarters at the school for which they will be competing

Possible Exceptions (due tomorrow):

- [Graduating Senior Exception](#) – If a player is finishing up their remaining credits for graduation, they may be cleared to participate with less than $\frac{3}{4}$ full time enrollment. If a player is graduating at the end of winter quarter (March), they will be cleared to finish the season.
- [Internship/Co-op Exception](#) – If a player is below the minimum credit requirement because they are taking an internship/co-op required or highly recommend for their course of study, they will be cleared to participate.
- [Any Other Eligibility Appeals](#)

Again, players cannot be added to your roster after tomorrow. Any appeals or exceptions submitted after tomorrow will be subject to a late fee (unless I have already cleared for a late submission due to school requirements).

Best,
